

Mission Statement

Beautify the historical portion of Evergreen Cemetery and insure its future and perpetual maintenance.

Dear Sponsor,

We are excited to see that the City of Riverside has decided to stage the fireworks on July 4th from the top of Mt. Rubidoux. With this great news we will be hosting our 11th annual Front Row Fireworks Founders Day event at Evergreen Memorial Historic Cemetery on July 4th from 5 - 9:30 pm.

The funds raised will be used to continue to preserve Riverside's oldest cemetery as a significant cultural and historic resource for the community. EMHC is a nonprofit organization dedicated to the restoration and preservation of the historic portion of Riverside's first cemetery, and last resting place of many of the city's founders. Our funding comes from direct donations and events we hold at the cemetery!

We are seeking community support for this event and would love to have you as a sponsor. Please see the attached page for our sponsorship levels.

In 2019, we had more than 2,000 attendees! Unfortunately, for the following 3 years we were unable to hold the event due to the pandemic and the city changing from where the fireworks were being staged. This year we are so excited and looking forward to getting back outdoors in our beautiful open-air museum and having a wonderful family fun-filled event and fundraiser!

We hope you will consider being a sponsor for this very worthy event for EMHC. Should you have any questions, please give us a call.

Kind Regards,
Front Row Fireworks Committee
